The most important thing for anyone is a clear solid assurance of salvation

Synopsis: Sometimes Christians struggle with assurance of their salvation. Perhaps you're facing that struggle? Maybe you made a decision for Christ at a young age but are unsure if you really meant it? Or maybe you just don't feel saved?

In this thoughtful and sensitive volume, Dr. Sledd shelters readers from the storms of doubt and fear about assurance and takes them on a compassionate journey into the very heart of what it means to be a saved child of God.

With wise pastoral insight, he explains reasons why Christians struggle with assurance and how they can overcome such challenges. Other topics include a study on justification, and what it means to see Jesus. Most importantly, he teaches the importance of seeking Jesus instead of assurance, for He alone is our assurance of salvation.

Blessed Assurance Jesus Is Mine is for all who wish to better understand and rest in their Savior's infinite love for them and in the eternal hope of Christianity.

CONTENTS

Introduction
